- 1 Municipal Policing Bureau Re: OPP Contract/Billing

Sergeant Rob Griffin, Municipal Policing Specialist, West Region and Janet Weaver, Municipal Policing Specialist, East Region, Municipal Policing Bureau were in attendance.

Sergeant Griffin provided an overview of the OPP integrated service delivery model and municipal policing resources, noting that officers have both municipal and provincial policing responsibilities. The Daily Activity Reporting (DAR) system is used to separate municipal and provincial responsibilities and track billing.

J. Weaver provided an overview of the OPP billing model, highlighting the three components used to calculate costs: 1) base service cost, which is a cost per property as determined by MPAC and covers the basic services provided for municipalities (i.e.: proactive policing, RIDE programs, training, administrative duties); 2) calls for service cost; and 3) other costs, which includes overtime, court security, etc. It was added that the base cost recovery per property has remained relatively stable over the past ten (10) years.

Sergeant Griffin reviewed the OPP 2023 annual billing statement and spoke to the breakdown per component. Discussion ensued about calls for service categories and billing groups, upcoming changes with the new Community Safety and Policing Act, enhancement options, and online resources. The County's cost per policing is comparable to neighbouring municipalities.

OPP Youth FOUNDATION

Please accept our thanks for your donation to the Ontario Provincial Police Youth Foundation in memory of Cst. Greg Pierzchala. Attached please find a tax receipt.

Also, we will advise the family that the donation has been received.

This year, 2023 has seen a major rebound from the stresses and strangeness of the last two years of Covid. Regardless of the stress and pressures of the pandemic, the task of helping the members of the OPP help the youth of Ontario has continued. On behalf of the board of directors of the OPP Youth Foundation and the youth of Ontario, we thank you for helping us with this work, thanks to your donation.

In the past year, thanks to the generosity of people like you, we have been able to help young people across Ontario to do to activities to enrich their lives, something they would not have been able to do without financial assistance. All of these youth had financial need and none were related to any member of the O.P.P.

The Foundation is managed by volunteers. We have no paid staff. This ensures that administrative costs are kept to a minimum. Our board of directors live across the province of Ontario and come from all walks of life but share a common interest in the furthering of the interests of the youth of Ontario.

Once again, we thank you for your support of the children.

Sincerely,

J. Kevin Lehman
Administrator (volunteer)

MEMORANDUM TO HALDIMAND COUNTY POLICE SERVICES BOARD & COUNCIL

September 23, 2023

As part of the communication strategy for both the Haldimand County Police Service Board (PSB) and the Haldimand County OPP (OPP), this memo serves to set out paths for information sharing between the PSB, the OPP and County Council members. This is intended to serve the citizens of Haldimand County and all involved stakeholders while ensuring timely responses to operational policing matters and respecting the confidentiality of involved citizens.

When a member of the community contacts a member of either the PSB or County Council directly in relation to policing matters, that are operational in nature, that require police intervention, consideration should always be given to directing the community members to contact 1-888-310-1122 for a police response.

This suggestion is made for several reasons:

- generating a call for service allows for an officer to be dispatched to attend the scene and avoids unnecessary delays in addressing an issue.
- generating a call for service raises awareness of community concerns for not only the officer responding but for any of the other officers that hear/read the incident.
- the call for service may support a bigger ongoing investigation that we track through our records management system.
- the call for service supports the data keeping and the workload analysis of our Haldimand officers.
- a cruiser being dispatched to area may serve as a deterrent for the problematic event/behavior.

This is not intended to be an exhaustive list of the many reasons to utilize our Provincial Communication Centre, rather to share an understanding of some of the impacts when citizens do not contact the OPP directly for operational matters.

If a citizen is calling to complain about policing service they have received, there are two (2) alternatives in keeping with the expectations of the Office of the Independent Police Review Director (OIPRD). Attending the Haldimand Detachment or calling during our hours of operations will provide the member of the public an opportunity to speak with the Sergeant, S/Sgt or Inspector who may be able to resolve the complaint locally if the citizen is willing. Alternatively, the citizen can engage with the OIPRD directly to file a complaint.

These responses to citizens also serve to reinforce the division between policing operations and municipal government. This strategy will contribute to improved community satisfaction with policing services and increased community stewardship.

Non-operational policing matters should be routed through the PSB Chair to be shared with the Inspector at the Chair's discretion.
