Subject: Delegation

Good afternoon Evelyn,

A delegation of landowners, concerned about the severe impacts cause by erosion along the shores of Lake Erie, would like to attend the June 5, 2018 Council in Committee meeting. The delegation will appoint a person to speak about erosion concerns and land preservation. The delegation will provide you with a written brief outlining our presentation in advance of the meeting.

Please let us know if our group can be scheduled in for June 5th.

Kind regards,

Chuck and Laurie Jansen
