# **Information Package Memo**

To: Mayor Chopp and Norfolk County Councillors

Mayor Hewitt and Haldimand County Councillors

From: Heidy Van Dyk-Ellis, Director, Social Services and Housing

Date: December 5, 2018

Re: MCCSS Announcement re: Social Assistance Reform

The purpose of this memo is to provide Councils with an update related to the Ministry of Children Community and Social Services (MCCSS) review of social assistance programs in Ontario.

On November 22, 2018 the Honourable Lisa MacLeod, Minister of Children Community and Social Services announced the outcome of the program review undertaken by MCCSS in July. The announcement was strategic in nature with operational details forthcoming over the next 12 to 18 months. The following is a synopsis of the announcement.

The future plan for social assistance contains the following priorities:

#### Moving People to Employment

- Introducing new Ontario Works earnings exemptions to encourage employment faster.
- Improving employment services for people receiving social assistance, placing a
  greater focus on outcomes, and exploring options for more locally responsive
  service delivery models.
- Coordinating local services for people using a wraparound approach, including supports for job search, child care, housing, mental health and addictions.
- Incentivizing people on Ontario Works to find jobs, particularly by allowing lower income workers to keep more of what they earn through the Low-Income Individuals and Families Tax Credit (LIFT).

#### **Locally Focused Services**

- Empowering municipal partners with a modern approach to Ontario Works service delivery that focuses on increased local decision-making and reduced paperwork.
- Simplifying rates and benefits and establishing a new, flexible local discretionary fund so Ontario Works delivery partners can tailor benefits to improve people's outcomes towards employment.

#### Supporting People with Disabilities with Dignity

- Redesigning ODSP to simplify financial support for people with severe disabilities with far fewer reporting requirements. Front-line staff will work with people to help them connect to other supports.
- Providing clarity to the system around who qualifies for ODSP in the future and looking at aligning Ontario's new definition of 'disability' more closely with federal government guidelines.
- Improving earning exemptions for ODSP recipients.

#### **Cutting Red Tape and Restoring Accountability**

- Modernizing how services are delivered and introducing more paperless, digital
  options including the ability of people to access more information using a
  computer or smart phone.
- Restoring accountability at the provincial, municipal and individual level through better oversight, risk-based approaches, public reporting and individual action plans.

In her announcement, the Minister identified that a multi-Ministerial approach will be taken to social assistance with future announcements coming in partnership with the Ministries of Finance, Education, Municipal Affairs and Housing and Health and Long-Term Care.

The plan for social assistance reform will be implemented over the next year and a half. As more details become available, analysis of the impact to local service delivery will be undertaken with future communication to Councils. No estimate of cost or funding changes is possible at this time.

Subject: Municipal Tobacco Retail Licences

Dear Mayor and Council,

On behalf of the Canadian Cancer Society, I am writing to urge that Haldimand County require that all tobacco retailers in the municipality be licensed and pay an annual licence fee, as other municipalities in Ontario have done. Attached please find a summary list of municipal tobacco licence fees in Canada, as well as an accompanying rationale.

We also recommend that electronic vendors be required to have a licence and to pay a licence fee, as has been required in Hamilton and London.

Please do not hesitate to contact me if I can provide further information.

Best regards, Sarah Cruickshank

# Ontario Municipal Tobacco Retail Licence Fees Should be Increased November 2018

#### Issue Overview

Municipalities in Ontario have the ability to require municipal licences for tobacco retailers and to determine licence fees. The Canadian Cancer Society believes that all Ontario municipalities should require tobacco retail licences and that municipalities should substantially increase tobacco retail licence fees.

#### Why Implement a Retail Licence Fee?

#### 1. Increase revenue

Licencing is an opportunity to generate revenue for municipalities. For example, for every 100 retailers, a \$500 annual licence fee would raise \$50,000 per year.

#### 2. Assist with enforcement

Without licences, there is no record of who is selling tobacco products in the community. Knowing the location of all retailers assists inspectors efficiently enforcing laws regarding tobacco sales to minors, tobacco displays/promotion, flavoured tobacco products and contraband. Furthermore, if there is a violation of the law, the possibility of suspending a licence provides enforcement officers with an effective tool.

#### 3. Ensure responsibility

Given the addictive nature of the product, it is perfectly reasonable to require that a licence be necessary to sell tobacco products and that a licence fee be required.

#### 4. Cost recovery

Revenue from tobacco licences can offset municipal costs, such as those related to enforcement and to litter.

Municipalities have the opportunity to increase revenue and to assist with tobacco control enforcement activities. Many municipalities have already adopted licencing systems, as summarized on the next page.

Retailers selling electronic cigarettes (vaping products) should also be required to have an annual licence and to pay an annual fee, as Hamilton and London have required. The rationale for such a requirement is similar to the licence requirement for tobacco retailers.

## List of Municipal Tobacco Retail Licence Fees (Annual Fees)

Ontario		Alberta

November 26, 2018

Dear Treasurer:

#### Re: Ontario Cannabis Legalization Implementation Fund

In his November 20, 2018 letter to Heads of Council (elect), the Minister of Finance announced funding for all municipalities through the Ontario Cannabis Legalization Implementation Fund ("Fund"). This Fund will provide \$40 million in funding over two years to municipalities across Ontario to help with the implementation costs of recreational cannabis legalization.

This letter sets out the terms and conditions of receiving money under the Fund.

#### 1. First Payment of Funds

For the first payment in January, the Province will distribute \$15 million of the Fund between all municipalities based on the following:

- 2018 MPAC Household numbers
- 50/50 split in household numbers between lower- and upper-tier municipalities
- Adjustments to provide at least \$5,000 to each municipality

Municipalities will receive a first payment in the amount set out in the attached allocation notice.

#### 2. Second Payment of Funds

For the second payment, the Province will distribute \$15 million of the Fund between all municipalities based on the following:

 If a municipality has not opted-out of hosting private retail stores in accordance with Cannabis Licence Act, it will receive funding based on the 2018 MPAC household numbers, adjusted so that at least \$5,000 is provided to each municipality.

.../cont'd

• If a municipality has opted-out of hosting private retail stores in accordance with the Cannabis Licence Act, it will receive a maximum amount of \$5,000. Please note that if a municipality opts-out by January 22, 2019, and opts back in at a later date, that municipality will not be eligible for additional funding.

Municipalities will receive a second payment based on the above criteria. The Province will send an allocation notice to municipalities setting out the amount of the second payment by March 2019.

The amount of the Fund allocated to each municipality in Ontario will be posted at <a href="https://www.fin.gov.on.ca/en/budget/oclif/">www.fin.gov.on.ca/en/budget/oclif/</a> in December.

#### 3. Use of Funds

Municipalities must use the money they receive from the Fund solely for the purpose of paying for implementation costs directly related to the legalization of cannabis.

Examples of permitted costs include:

- Increased enforcement (e.g., police, public health and by-law enforcement, court administration, litigation)
- Increased response to public inquiries (e.g., 311 calls, correspondence)
- Increased paramedic services
- · Increased fire services
- By-law / policy development (e.g., police, public health, workplace safety policy)

Municipalities must not use the money they receive from the Fund to pay for:

- Costs that have been, or will be, funded or reimbursed by any other government body, or third party
- Costs not related to cannabis legalization

### 4. Transfer of Funds Within Upper-Tier and Lower-Tier Municipalities

Upper-tier municipalities and lower-tier municipalities may transfer any money that they receive from the Fund between each other. Despite any transfer of money that may occur under this section, municipalities remain responsible for ensuring compliance with the terms and conditions of this letter with respect to the transferred money.

.../cont'd

#### 5. Funding Assessment

To assess the impact of this funding, the Province has requested that the Association of Municipalities of Ontario and the City of Toronto work with the Ministry of Finance to establish a process by which a sample group of municipalities will provide information on use of funds and impact of funding. More information will be available as this process is developed.

If municipalities are asked to provide information on the use of the money received under the Fund and impact of such funding, they must provide the information requested, in a timely manner. As such, municipalities must keep and maintain all records relating to money received from the Fund.

In addition, the Province or any authorized representative or identified independent auditor, may request to review the records or conduct an audit in respect of the expenditure of money a municipality has received from the Fund.
