PURPOSE AND EFFECT OF BY-LAW

/19

The subject lands are described as Cayuga Lot 17 Part Lot 18 South Talbot RP 18R843 Part 1 Regular, known municipally as 21 Talbot Street East.

The purpose of this by-law is to rezone the subject lands from R2 to CG-H to provide a broader range of permitted uses in order to increase development opportunities for the site.

In the Haldimand County Official Plan, the subject lands are designated as 'Community Commercial' and there are no policy conflicts or issues since the proposed development will conform to the provisions of CG Zone of the Town of Haldimand Zoning By-law 1-H 86. The lot itself conforms to the provisions of the CG zone, and at this point no development has been proposed as a direct result of this application. The residential use is proposed to continue on site in the form of the Single Family Dwelling. Staff are proposing a site specific provision that would permit the use as it exists at the time of passing, until such time as a commercial use is established. At this time, any residential component will be required to conform to the standards of the CG zone.

Staff will evaluate the technical merits of a development proposal for the site through the application of the Holding, as well as Site Plan Control which also applies.

Upon the receipt and approval of a site plan application and confirmation of servicing capacity, the 'H' Holding will be removed from the subject lands.
