EXECUTIVE SUMMARY:

In response to concerns raised by the public and Haldimand County Roads Operations, staff have reviewed the existing parking conditions on Main Street North in Jarvis and are recommending a no stopping zone be created to improve sightlines entering and exiting the Tim Hortons restaurant entrance.

BACKGROUND:

The Tim Hortons restaurant is located on the east side of Main Street North (Highway 6) at the north end of Jarvis (see Attachment 1). There are currently no restrictions on parking on Main Street North at this location.

Haldimand County Roads Operations staff, as well as local residents, have identified sightline issues for vehicles entering and exiting the Tim Hortons restaurant caused by trucks stopping on the east side of Main Street North in front of the restaurant.

ANALYSIS:

Staff have reviewed the existing conditions on Main Street North at the Tim Hortons restaurant and are recommending implementing a No Stopping Zone to restrict vehicles and in particular trucks, from stopping on the east side of Main Street North to access the Tim Hortons.

In recognition that trucks will continue to pull over to the side of the road, Roads Operations is planning improvements to the gravel shoulder on the east side of Main Street beyond the end of the proposed no stopping zone to provide trucks an area to safely pull off of the road without impacting sightlines for vehicles entering and exiting the Tim Hortons.

To create the No Stopping zone the following change to Haldimand County Parking Control By-law 307/02 is required:

Parking Control By-law 307/02 Schedule “B” No Stopping – Jarvis to add

Street	Side	From	To	Period
Main Street North	East	115 metres north of Boyd Street	195 metres north of Boyd Street	Anytime

FINANCIAL/LEGAL IMPLICATIONS:

Roads Operations will be responsible for installing the required signage. The estimated cost is approximately \$400 and will be funded from the Road Operations regulatory/warning signage operating account.
