Message from the Detachment Commander

I am pleased to present the Haldimand County Detachment 2018 Action Plan Progress Report. As we look back over the past year, I recognize the many successes that our dedicated officers have achieved:

- Implementation of the MCRRT (Mobile Crisis Rapid Response Team) to assist persons in crisis.
- Implementation of a Community Street Crime Unit to address property and drug related incidents.
- Continued reduction of personal injury motor vehicle collisions related to speed and inattentiveness.

We continue to focus on the reduction of harms and victimization, specifically violent crime, property crime, illicit drugs and cybercrime. Once again provincial targeted outcomes have been identified, and we will work together to achieve these provincial targets by 2019.

Haldimand County Detachment remains committed to a traffic safety approach that will change driver behaviours responsible for injuries and deaths on roadways, waterways and trails. I wish to acknowledge the support of the Police Service Board and Haldimand County Council for their speed warning devices program which utilizes proven technology to change driver behaviour towards speed compliance.

We will continue to partner, engage and educate to find solutions in demands for service involving persons in crisis. We are also committed to reducing the number of false alarms which continue to misdirect law enforcement resources in OPP communities.

As we look forward we will continue to ensure our communities have the service delivery they require and our focus for 2019 will be:

- Enhancing police visibility within our communities and on our roadways.
- Supporting the Community Street Crime Unit to address property and drug crime.
- Maintain our focus on reducing incidents of violent crime and property crimes.
- Continue our efforts towards highway safety and collision reduction.

The 2017-19 plan was designed to address public safety, internal and external relationship building, our workforce and effectiveness of our service delivery. We will strive to build upon our past successes and implement future strategies that will result in efficiencies, reduction of crime, and best practices. The safety and security of all communities is a shared responsibility between our members as well as internal and external partners. Our continued collaborative efforts will ensure our success in keeping our communities safe.

Philip Carter
Inspector
Detachment Commander
Haldimand County Detachment, OPP

Our Detachment

Haldimand County's 1,252 square kilometers stretches north from Lake Erie with the picturesque Canadian Heritage Grand River running through it. Niagara Region borders us to the east and Norfolk County to the west. To the northeast lies the City of Hamilton, where many of our 45,608 residents work and shop. The Greater Toronto Area and its millions of people is less than an hour's drive northeast of Haldimand County.

Haldimand County borders Six Nations of the Grand River Territory, as well as the Mississaugas of the Credit First Nation, so the Indigenous culture is very prevalent in this community.

Due to Haldimand's agricultural heritage, 53% of our total population live in rural areas, with the remainder living in and around one of our five urban areas: Caledonia, Dunnville, Hagersville, Cayuga and Jarvis.

We have four high schools in our communities: Hagersville, Caledonia, Cayuga and Dunnville. We boast two hospitals; Haldimand War Memorial Hospital in Dunnville and West Haldimand General Hospital in Hagersville. Both provide 24-hour emergency care services. Cayuga, Caledonia, Dunnville, Hagersville, Jarvis and Townsend all offer long-term care facilities providing care for the aging population. More than 12 social and human resource organizations support quality of life and provide services for individuals in need in Haldimand County. These organizations work alongside police to reach out to families, the developmentally challenged, seniors, victims of abuse and misfortune and other community members, assisting in times of need.

As a result of our communities being near the shores of Lake Erie and the Grand River, Haldimand County attracts more than 600,000 tourists every year. Haldimand's towns and villages are havens of heritage properties and the ease of water access offer numerous opportunities for the outdoor enthusiast. Each of the urban areas have celebrations during the Summer months such as Dunnville's Mudcat Festival, Cayuga Fun Day, Caledonia's Canada Day, Caledonia Fair, Fisherville Fun Day, Selkirk Gasfest and numerous other activities held throughout the County.

There are numerous industries and manufacturing operations within Haldimand County providing employment to local residents. Local highways provide easy access to Ontario's transportation networks such as the 400 series highways and the QEW. Hamilton International Airport is a 10 minute drive from our border and existing railways add to the infrastructure with seaway access as well.

Pocket Dials/False Alarms Progress Results

Partner to reduce the impact/risk/frequency of false alarms and 911 pocket dials.

- False alarm calls and 911 pocket dials and dropped 911 cell calls are high risk response
- Ineffective use of resources.
- OPP policy dictates all responses to 911 calls require a minimum of two officers.
- Police resources dispatched to inadvertent/pocket dials create a significant public and officer safety issue with essential emergency services responding to non-emergency situations. This is both costly and, in the majority of instances, preventable.

Activity	Progress Status	Progress Details
Media/Radio	Relevant Activity Underway	The local media outlets have supported the OPP by broadcasting the importance of the 911 system and tips to avoid unintentional pocket dials. 992 unknown wireless 911 pocket dials. 79 confirmed pocket dials. (Table 4.2)

Media release for repercussions of false alarms	Relevant Activity Underway	The Community Service Officer (CSO) completed Media Releases outlining the repercussions of false alarms.

Use of public advertising regarding 911 “Pocket Dial” messaging	Relevant Activity Underway	The OPP led a Media Campaign regarding the unintentional use of the 911 system, including pocket dials and the expense it has on communities across the Province.
Currently there is no provision for enforcement of accidental 911 “pocket dials”	Relevant Activity Underway	OPP policy indicates the officer shall attend all 911 calls and ensure the safety of the caller.
Consideration may be given to request local municipal councils to consider a warning/fine system for repeat offenders similar to the false alarm cost recovery policy in place	Relevant Activity Underway	Presently the Municipality has a cost recovery program in place for False Alarms only.

Community Well Being Progress Results

Continue collaborating for an enhanced police response to persons experiencing a mental health crisis

- Creation of the Mobile Crisis Rapid Response Team (MCRRT) with Community Addictions and Mental Health Services (CAMHS)
- Hours tracked per officer visit to a hospital and specifically an emergency room with persons suffering from mental health crisis detracts from other community safety initiatives.
- Effective response to mental health issues involves a broad spectrum of community service providers, including police, working together in partnership
