

Helping communities make school zones safer.

“ In 1984, I stood proudly at the corner of Gladstone and Percy in Ottawa wearing my School Safety Patroller's reflective belt, helping my fellow classmates get to school safely. Now over 30 years later as CEO of CAA, I am committed to support and further this important effort that has saved countless lives. A huge thank you to all those partners joining us to keep children safe as they make their way to school.”

CAA School Safety Patrol®: 90 years later, stronger than ever.

What began as an effort to keep children safe on their walk to school in a few communities back in 1929, has today grown into a huge initiative supported by hundreds of schools, community partners and volunteers. We're so proud of what we've accomplished together! Today, our many partners continue to help keep children safe amid the increased traffic in and around community school zones. If you'd like to join our efforts, please talk to us. We'd love to welcome you aboard.

“Safety is paramount throughout life and the CAA Safety Patrol program helps teach this lesson early. Safety Patrollers become role models and provide leadership in safety to fellow students. This learning lasts a lifetime!”
