The CAA School Safety Patrol program has been at work since 1929, helping to keep students safe on buses and in busy school zones.

Students can volunteer as a **CAA Foot and/or Bus Patroller.**

Foot Patrollers monitor for student safety at crosswalks, driveways and pick-up and drop-off areas near the school. Bus Patrollers help keep students safe in transit, and while getting on and off the bus at school.

Years Strong.

This program has grown and continues to evolve with changing safety standards. With today's increased traffic in and around school zones, it's more relevant than ever!

Student Volunteers benefit in many ways.

- Their education is enriched by applying the concepts they learn in their safety training.
- Their leadership role fosters positive behaviour.
- Their community spirit is deepened by being an integral part of a team.
- They experience volunteering and caring for others.
- They enjoy a positive relationship with their school, local police and other community partners.
