EXECUTIVE SUMMARY:

The Highway Traffic Act requires that regulatory signing must be enacted by by-law. The change in traffic control from signals to stop signs at the intersection of Rainham Road and Haldimand Road 55 as a result of the recent road resurfacing project requires a by-law amendment.

BACKGROUND:

The 2020 capital budget included road upgrades to Rainham Road (Haldimand Road 3) from Haldimand Road 55 to Selkirk. As part of the project the traffic signals were replaced with a stop condition for the eastbound and westbound traffic on Rainham Road at Haldimand Road 55. This change requires an amendment to the Haldimand County Stop Control By-law.

ANALYSIS:

The Highway Traffic Act (HTA) allows for a Municipal Council to implement stop conditions at intersections of highways under its jurisdiction. A by-law must be enacted to formally enact the stop condition.

To create the stop control conditions at on Rainham Road at Road 55 the following change to Stop Control By-law 1955/18 is required:

Stop Control By-law 1955/18 Schedule “A” – Nanticoke to Add

Street	Intersection (at)	Traffic Direction
Rainham Road	Haldimand Road 55	Eastbound
Rainham Road	Haldimand Road 55	Westbound
