Subject: [EXTERNAL] Re: Zoning Amendment

Caution

This email is NOT from a Haldimand County Employee

Haldimand Council
Martin and Linda we live at 17 Hoto Line.

We are against the motion to change the designation on the right of way. This is a lane for the cottagers to get to and from their property. We adamant that this designation not be changed.

- 1 the road you are talking about is not a road but a right of way to seasonal cottages.
- 2 where the septic is located is where there has been a natural drain.
- 3 we will not allow county trucks down this lane,
- 4 on a bad winter the lane plugs solid to around 6 feet.
- 5 this is a right of way only, we do not want it made into a road as people have no respect for our privacy.
- 6 as to the windmill, we were denied a second one due to noise concerns for the cottagers, has this changed?
- 7 there is no emergency vehicle access
- 8 this meeting almost seems redundant as there is work already being done on the property

Regards Martin and Linda
