PURPOSE AND EFFECT OF BY-LAW NO. XX-HC/21

The Committee of Adjustment conditionally approved consent application PLB-2020-111 to create a new building lot. This Zoning By-law is required to fulfill conditions of consent.

The subject lands are designated 'Resort Residential' and are located in a lakeshore node. The lakeshore nodes are areas with concentrated existing developments which are predominantly recreational residences, and may included related commercial, institutional and recreational facilities servicing the area. The lakeshore nodes are characterized by nodal or linear form of development in lakeshore locations.

The subject lands are currently zoned 'Agriculture (A)' Zone. The purpose of this Zoning By-law is to:

1. Rezone the subject lands (Parts 1 and 2) from the 'Agriculture (A)' Zone to the 'Lakeshore Residential (RL)' Zone in line with the Official Plan designation;
2. Add a special provision to permit the existing shed on Part 2 of the subject lands to continue without a principle use;
3. Affix a Holding (H) provision to the zoning of the subject lands (Parts 1 and 2) to finalize the lot creation but require the owners to address archaeological and stormwater requirements in accordance with Provincial and County policies prior to obtaining future building permits.

The H provision can be removed from Part 1 and Part 2 of the subject lands at different time. The removal must be approved by the General Manager of Community & Development Services.
