

June 15, 2021.

To Whom It May Concern;

RE: Miranda Curley & Justin Moore Application

: Official Plan Amendment: PLOP-HA 2020-191

: Zoning Amendment : PLZ-HA 2020-192

This letter represents the majority of property owners on Erie Heights Line. A number of us supported the original application but that list has now grown citing changes to the application and further discussions about the application. This includes all of the owners on the east side of Hoto Line, adjacent to the land in question (except one absentee owner living outside of Canada who has not been contacted).

We have no objection to the application and the plans to build on the said property. We do not anticipate this development will have any adverse affects on our properties and support the development of the property. Justin and Miranda have been in constant contact informing us of developments and answering any questions anyone may have had. We are confident that they will be a welcome addition to the neighbourhood and active participants in any community projects.

We also would like to make note of a number of emails sent by some property owners speaking on behalf of the cottage association. There is in fact no official association nor has there been any meeting of the alleged association to discuss the application. The statements made in these emails do not speak for or represent the majority of property owners.

Sincerely;

*Larry Jaroslowski*
