**Re: Aggregate Resources Act License Application #626494
 Brant Aggregates Ltd. Hagersville Quarry
 Class A Quarry Below Water
 Part Lots 10, 11 and 12, Concession 12, Walpole Township, County of Haldimand**

Dear Ms. Eichenbaum,

This is our official response letter to your objection. Please read all of the information carefully as it explains your rights and responsibilities.

In your email dated December 17th, 2020, you outlined a number of concerns with Brant Aggregates Limited application for an Aggregate Resources Act (ARA) license to permit a quarry operation (Hagersville Quarry).

As the agent for Brant Aggregates Limited, we will be submitting the information regarding this license application to the Ministry of Northern Development, Mines, Natural Resources and Forestry (NDMNRF), as required by the Aggregate Resources Act. This letter is part of the required documentation of the notification and consultation process.

List of Objections

The following is the list of the objections stated in your email dated December 17th, 2020:

1. Consultation with Haldimand County on the License Application and related conditions
2. TOARC levy contributions
3. Measures to protect groundwater and surface water, natural heritage features, noise and dust controls
4. Protection of Water Supplies

Documentation of Attempts to Resolve Objections

A virtual information session for the license, as required in the Provincial Standards, was held on December 15th, 2020. At this meeting, the details of the proposal were presented, along with the detailed studies which have been completed in support of this application.

Recommendations in each of the technical reports contained in the Summary Report submitted to the Ministry of Northern Development Natural Resources and Forestry in support of this license application were incorporated on the site plans in order to minimize any adverse impacts on the environment, e.g. ground and surface water, natural environment features, noise, dust, etc., both on and surrounding this site.

The technical studies and recommendations made in the Summary Report are also submitted and reviewed by several local and provincial regulatory agencies as required in the Aggregate Resources of Ontario Provincial Standards.

The site plan, which will regulate the proposed operations including maximum depth of extraction, extraction setbacks, direction of extraction, proposed perimeter fencing and berms for visual screening and noise attenuation, as well as progressive and final rehabilitation of the site, has been developed so that the site can be operated within the limits set out in all applicable provincial legislation and guidelines. The Ministry of Northern Development Natural Resources and Forestry is responsible for ensuring that every operator of a licensed pit or quarry complies with their site plan. As noted in our previous correspondence, the recent changes to the Aggregate Resources Act and the restructuring of the Ministry's aggregate program provides a greater focus on compliance and increased fines and penalties for operators who contravene any of the conditions of their license.

Applicant's Recommendations for Resolving Objections

On February 23, 2021, we sent you a letter to address the issues raised in your objection letter. The Aggregate Resources Act license process requires the applicant to provide a final "20 day Response letter" and requires that you follow the steps below to ensure that your official objection is recognized by the Ministry.

Notice of 20 Day Response Period for Objectors

Under the Aggregate Resources of Ontario Provincial Standards, developed for the Aggregate Resources Act, the applicant is responsible for attempting to resolve objections to a license application. Our attempts to address your concerns are outlined above.

Should you still have outstanding issues, you are required to respond in writing to identify remaining concerns and also to provide suggestions or recommendations that may help us to resolve your objections.

Per Section 4.3.3.2 of the Provincial Standards, your response must be delivered personally or by registered mail within 20 days of receipt of this letter ie. December 22, 2021 to both MDMNRF and the applicant (at the addresses provided below). If no response is received from you within the 20 day period, it will be deemed that there is no longer an objection.

Local Planning Appeal Tribunal (LPAT) Hearing

In the event that you continue your objection to the application, the Ministry of Northern Development, Mines, Natural Resources and Forestry (NDMNRF) will refer the application to the Local Planning Appeal Tribunal (LPAT) for a hearing, on your behalf. Please note that objectors are required to attend the LPAT proceedings. You, or your agent, should be prepared to present your case to the Board outlining the reasons for your objection. NDMNRF will not do this for you.

It is important that you understand your rights, and your obligations at the LPAT as an objector. You can get more information about the LPAT, and the hearing process by visiting www.olt.gov.on.ca.

Additional Questions or Concerns

If you would like to discuss this further or review the project studies, please feel free to contact me at 905-294-8282. If you have any questions about your responsibilities related to an LPAT hearing, we are happy to answer those as well.

Sincerely,

HARRINGTON MCAVAN LTD

Notice of Objector Response

Aggregate Resources Act

**Subject: Application for a Category 2 Licence under the Aggregate Resources Act
Part Lots 10,11,12, Concession 12, Walpole, Haldimand County**

Objector: Name: Haldimand County

Address: 53 Thorburn St. S., Cayuga, Ontario N0A 1E0

Further to your correspondence dated December 17th, 2020 regarding this licence application under the Aggregate Resources Act, I / we, Brant Aggregates Ltd., offer the following further information to address your objections/concerns:

(refer to correspondence dated February 23, 2021)

As per Section 4.3.3.2 of the Provincial Standards under the Act, please be advised that after review of this additional information you, the objector, have 20 days from receipt of this letter (i.e. December 22, 2021) to respond to the Ministry of Northern Development, Mines, Natural Resources and Forestry and the applicant at the addresses shown below, with recommendations that may resolve the objections.

These recommendations must be delivered personally or by registered mail within the above-noted 20-day period or it will be deemed that there is no longer a valid objection.

Yours truly,
HARRINGTON McAVAN LTD

Bernie Janssen

**Re: National Childcare Program
Our Files:**

Dear Premier Ford,

At its meeting held on November 15, 2021, St. Catharines City Council approved the following motion:

“WHEREAS the province of Ontario has the most expensive childcare in the country, presenting a financial hardship for many families and a barrier for women’s full economic participation; and

WHEREAS the \$34 billion early learning and childcare spending commitment announced this year by the federal government will bring transformative change to childcare by lowering parent fees and expanding the supply of regulated not-for-profit and public childcare in this country; and

WHEREAS the federal government has already reached childcare agreements with BC, Nova Scotia, Manitoba, Saskatchewan, Yukon Territory, PEI, Newfoundland and Labrador and Quebec; and

WHEREAS the provisions of each agreement vary to some degree, but the majority of the jurisdictions have agreed to use the federal funds to:

- (a) lower parent fees by 50 per cent by the end of 2022 and to \$10 a day by 2025-26 or sooner;
- (b) improve the wages and working conditions of early childhood educators, and
- (c) publicly fund the expansion of not-profit and public childcare;

THEREFORE BE IT RESOLVED that the City of St. Catharines request that the provincial government take the necessary steps to work with the federal government on

a bilateral agreement to ensure the new national child care program be made available to Ontarians, and that it focuses on increased access, affordability, quality and responsiveness, all of which are essential to the COVID-19 pandemic response; and

BE IT FURTHER RESOLVED that staff actively monitor federal developments and engage in provincial and regional discussions; and

BE IT FURTHER RESOLVED that City Council request the City Clerk circulate Council's decision to other municipalities in Ontario, the Ontario Municipal Social Services Association and the Association of Municipalities of Ontario.”

If you have any questions, please contact the Office of the City Clerk at extension 1524.

December 1, 2021

Honourable Doug Ford
Premier of Ontario
Legislative Building
Queen's Park
Toronto ON M7A 1A1

Dear Premier Ford:

This is to advise that City Council, at a meeting held on November 22, 2021, passed the following resolution regarding fire safety measures:

"WHEREAS the Government of Ontario, in December 1975, enacted the Ontario Building Code for the purpose of regulating the construction of new, safe buildings within the Province of Ontario; and,

WHEREAS the Government of Ontario, in November 1981 enacted the Ontario Fire Code for the purpose of maintaining the life safety systems of all buildings within the Province of Ontario; and,

WHEREAS the Government of Ontario, in November 1983 began the process of amending the Ontario Fire Code to include Retrofit provisions, for the purpose of providing a minimum level of life safety for those existing buildings which had not been built under the provisions of any version of the Ontario Building Code; and,

WHEREAS the government of Ontario, in October 1992 amended the Ontario Fire Code Retrofit provisions, for the purpose of providing a minimum level of life safety to buildings classed as low rise residential (9.5); and,

WHEREAS October 2021 marks twenty-nine (29) years since the requirements outlined by Retrofit 9.5 have been substantially updated; and,

WHEREAS this lack of currently appropriate standards for self-closing devices on suite doors and positive latching on exit stairwell doors has led to significant serious injuries, deaths, long term dislodgement of residents, and significant unnecessary insurance loss due to allowed building deficiencies;

-2-

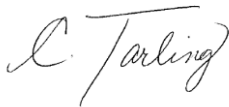

THEREFORE IT BE RESOLVED that the City of Kitchener urges the government of Ontario to direct the Ontario Fire Marshal's Office – Technical Services, to undertake an immediate review of that portion of the Ontario Fire Code known as Retrofit Section 9.5;

THEREFORE IT FURTHER BE RESOLVED that the City of Kitchener urges the Government of Ontario to, as expeditiously as possible, amend the Ontario Fire Code Sentence 9.5.2.8.(1) to require self closing devices on all suite closures (doors) within low rise residential buildings: and,

THEREFORE IT FURTHER BE RESOLVED that the City of Kitchener urges the Government of Ontario to, as expeditiously as possible, amend the Ontario Fire Code Sentence 9.5.3.3.(3) to require that closures (doors) entering exit stairwells be equipped with both self-closing devices and positive latching; and,

THEREFORE IT FINALLY BE RESOLVED that a copy of this resolution be forwarded to the Honourable Premier of Ontario, the Minister of Municipal Affairs and Housing, the Association of Municipalities of Ontario; and, all other Ontario municipalities."

Yours truly,

C. Tarling
Director of Legislated Services
& City Clerk
