Tracey

The Board is in favour of making a deputation to County council in regards to the OPP policing method used in the handling of road blocks.

The Board would like to offer a possible solution to this issue and requests council support in moving forward.

I understand the Board will be unable to address the council this January due to COVID concerns but requests we be placed on the February 08, 2022 meeting agenda.

Could you please arrange for this to happen.

Thank you

Brian Haggith, Chair
Haldimand PSB
