**Subject:** [EXTERNAL] request to appear at delegation meeting February 8 2022

**Caution**

This email is NOT from a Haldimand County Employee

Good afternoon Evelyn,

I am writing today to request an appearance at the February 8th, 2022 County Delegation meeting.

I would like to speak to the need for creating and implementing a by-law for Haldimand residents pertaining to the following:

- the right to privacy and seclusion with regards to surveillance and hobby cameras positioned on neighboring residential properties
- protecting residents from being in the *direct or indirect* sight line of any and all surveillance and hobby cameras
- for residents choosing to erect any and all surveillance and hobby cameras, that they do so in a respectful and neighborly fashion
- for residents choosing to erect any and all surveillance and hobby cameras *respect a height limitation* (much like fencing by-laws currently in place) in an effort to respect the right to privacy and seclusion of neighboring residents

With gratitude,  
Jessica
