Re: Minor Exception Application

Dear Project Manager and Committee members:

We are the owner of a 49.9-acre farm, identified as #665 Highway #6 just north of Caledonia.

We planted a portion of our farm with coniferous trees in 1988-89.

The purpose of planting the coniferous trees on our farm was for Christmas trees and eventually harvesting for general lumber.

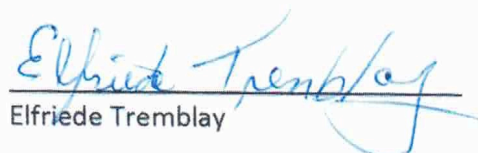

We have owned and managed my plantation since it was planted.

We would appreciate it if the staff at the County would approve the permit to cut these trees.

Thank you for your understanding.

Regards,

  
Real Tremblay

  
Elfriede Tremblay
