---

December 21, 2022

To: Residents in the Area of River Road and Tartan Drive

I have received a petition requesting an “All Way Stop Sign” at the intersection of River Road and Tartan Drive.

In the past, this intersection did not meet the criteria for an all way stop. Council has recently amended the process for evaluation of all way stops and, now, with local Councillor support and 75% of residents’ approval living within 250 metres of the intersection, an all way stop can be implemented.

Please respond by January 10, 2023 to advise if you are in favour **OR** have objections to the proposed change. Only comments received will be tallied for consideration.

To respond, contact myself via text, telephone call or email using the information provided below and when responding, please include your address.

Stay safe and healthy,

Sincerely,

Dan Lawrence, Ward 3 Councillor
