

Sunday, January 7, 2018
To: Evelyn Eichenbaum, Clerk
Haldimand County

Dear Evelyn:

I am writing to you to inform you that my husband Luc and I would like to attend, and present our concerns to Council at the Council Meeting on Tuesday January 16, 2018, CS-SS-05-2018 for the Pending Closure and Conveyance of Road Allowance in Lowbanks- concerns and opposition to sale as currently contemplated.

My outline will include: 1. Environmental concerns of a housing structure being built on the land fronting Lake Erie, and its continual erosion concerns (pictures included). 2. Our continued use of the beach access and Westerly road access next to the proposed building site, which we continually use for pleasure and monitoring and picture taking of erosion progression on the shore line. 3. Concerns about the proposed building site becoming land locked and a possible road access being granted to the land owner who will need access to the proposed building site.

If you have any questions please contact us at:
