Subject: Wish to address Council on May 15th

Hello Ms Eichenbaum,

You received a c.c.ed email from Don Boyle yesterday regarding my wish to speak to Council.

I misunderstood Mr. Boyle when I thought I had permission to have a painting commissioned and hung in the new administration building.

I am president of the Port Maitland, "On the Grand" Historical Association.

We wish to commission a painting of Sir Frederick Haldimand to be hung prominently in the new administration building. I misunderstood Mr. Boyle's instructions. It seems we need to have council approve this matter.

Would you please place Port Maitland, "On the Grand" Historical Association on the May 15th council meeting agenda?

See attachment. I would appreciate it if you would provide each councilor and others who need it; a copy of the attached.

My apologies for my misunderstanding.

With thanks

Bill Warnick
