SCHEDULE "B" - ADDITIONAL CLAUSES

The Purchaser hereby agrees and acknowledges that the Vendor is selling and the Purchaser is purchasing the property and all of the buildings and structures situated on the property on an "as is, where is" basis as they shall exist on the completion date, including, without limiting the generality of the foregoing, any latent or patent defects and the environmental condition of the property or any of the buildings or structures situated on the property. The Purchaser hereby acknowledges that it has entered into this agreement on the basis that it shall have conducted all such inspections of the condition of the property and the buildings and structures situated on the property, including the environmental condition of the property, as it deems appropriate and/or necessary and shall have fully satisfied itself with regard to all of these matters prior to entering into this agreement.

The Purchaser further agrees and acknowledges that no representation, warranty or condition is expressed or can be implied on the part of the Vendor as to fitness for purpose of the property, suitability of the property, the existence or non-existence of hazardous or other materials or substances on, in or under the property or any buildings or structures on the property, the environmental condition of the property, compliance with any or all applicable environmental laws, merchantability, condition, quantity or quality, or in respect of any other matter or thing whatsoever concerning the property and all of the buildings and structures situated on the property, except as otherwise expressly provided for in this agreement. The Purchaser further confirms and acknowledges that, in the event that it completes this transaction, compliance with any order issued by any authority having jurisdiction respecting the property and/or any environmental remediation of the property required by any such order or otherwise shall be the sole responsibility of the Purchaser, and same shall be completed by the Purchaser at the Purchaser's sole cost and expense. The Purchaser also hereby agrees to assume all of the Vendor's liabilities in relation to the property and, without limiting the generality of the foregoing, any and all environmental liabilities respecting the property. This provision shall survive and not merge on the completion of the transaction to which this agreement relates.

The Purchaser also hereby releases the Vendor and agrees to indemnify and save the Vendor harmless from and against any and all claims, actions, suits, proceedings, costs, expenses, losses and damages (including legal fees on a solicitor and client basis) arising from or in any way related to, either directly or indirectly, the environmental condition of the property, contaminants or substances on the property, any order issued by any authority having jurisdiction respecting the property, any environmental remediation required in relation to the property or any other condition of the property, regardless of whether such property condition is discovered by the Purchaser before or after the completion of the transaction to which this agreement relates, regardless of whether such property condition existed before the completion of the transaction to which this agreement relates, and regardless of whether such property condition was caused by or contributed to by the Vendor. This release and indemnity shall survive and not merge on the completion of the transaction to which this agreement relates. The Purchaser agrees to provide the Vendor with a representation and warranty, release and indemnity in writing and signed by the Purchaser respecting the above, in a form satisfactory to the Vendor's solicitor, acting reasonably, on the completion of this transaction.
