Council in Committee Meeting June 19, 2018

This is a request to appear as delegation at the council in committee meeting June 19, 2018.

We have applied to purchase the hazard land directly north of our house per Report CS-SS-20-2018.

We have maintained this piece of property at our own expense since we've moved into this location September 23, 2011.

We wish to keep this land in it's current state and we have no intention to change anything on the property other than maintain it.

Joanne & Danny Gris
